

## DANISH REGIONS AT SILO WAREHOUSE NO. 16

With its 48 vertical grain silos on a brick base and two distinctively original gable towers, the old silo warehouse 16 was transformed into a modern office block for Danish Regions.

The building, which is located in the Port of Copenhagen, is listed and project implementation was effected in close collaboration with the conservation authorities and the client.

Client: Danish Regions  
Year: 1996  
Floorage: 9,000 sq.m  
Construction sum: DKK 120m  
Architect: Erik Møller Arkitekter AS
